New Alaska Books

A puzzle by Jen Funk Weber to celebrate Alaska Book Week, 2015.

Four Alaska authors (Ann Dixon, Barbara Levallee, Cherie B. Stihler, and Deb Vanasse) have new books coming out in 2016. Using the clues, determine the title of each author's book, where she wrote it, and what month it's being released.

	The Aurora Bored Alice	Ice Worm Explorers	Caribou Allergies	Dancing at the Devil's Club	Whittier	Coldfoot	Hawaii	Ketchikan	January	March	July	November
Ann												
Barbara												
Cherie												
Deb												

1. *Caribou Allergies* is not the first of these books coming out in 2016. *The Aurora Bored Alice* is not the last.
2. *Ice Worm Explorers* was written in Whittier or comes out in March.
3. Barbara has never been to Coldfoot, and her book comes out in March or July, and Ann's book comes out after Barbara's does.
4. The book written in Hawaii is the first one being published, and *Dancing at the Devil's Club* (written by Barbara or Deb) will follow.
5. Deb's book comes out before Ann's, which isn't last.
6. Cherie either wrote *Ice Worm Explorers* or her book comes out in July.

This is a work of fiction as far as the author knows. If you look for these books on shelves in 2016, you won't find them; although, the author is inclined to take a whack at *The Aurora Bored Alice*.
